

## ADVISORY

September 3, 2015

**PRODUCTS AFFECTED:** The Flankard, which is a promotional item distributed to customers of Snap-on Franchisees in 2013/2014. The Flankard is an all-metal tankard that is modeled to look like an enlarged Snap-on SF201 Flank Drive socket. The Flankard is not intended to be used to hold hot liquid and is not microwave safe.

**PART NUMBER(s):** SSX2813

**HAZARD:** The Flankard will quickly assume the same temperature as its contents. If a very hot liquid is used, the handle and entire tankard may burn the user's hand or mouth when touched.

**ACTIONS:**

1. Do not use the Flankard for holding hot liquids.
2. Do not use the Flankard in a microwave oven.
3. Distribute this Safety Message to anyone that you know who has received a Flankard or that currently has one.

### WARNING

Hot contents in Flankard may cause burns.  
Do not use Flankard for containing hot liquids.
