# YA660A 10 Ton Heavy Duty Hydraulic Service Jack

**YA660A**

- Dual pump action for quick contact & lifting
- Rugged steel side plates add strength
- Low profile for easy access
- Minimal pumping effort (even at maximum capacity) yields reduced user fatigue
- Large release knob provides maximum lowering control
- Handle adjusts to three pumping positions
  - Forged steel hydraulic unit base is sealed to keep out dirt & grim providing longer product life & reliability
  - Large forged steel lifting cap adds durability
- Ball bearing casters & full swivel lifting cap provide easy positioning
- Automatic valve prevents overloading
