

# WHEN IT COMES TO DIAGNOSTIC SUPPORT, WE NEVER CLOCK OUT

No other diagnostic tools come with the customer service, support and training that ours do. No one can offer you a great collectible like this one. So ask how you can win one when you buy a TRITON,<sup>™</sup> APOLLO+<sup>™</sup> or SOLUS+<sup>™</sup>.

But time's a-wastin' because this opportunity won't last long.

# THE JOB MAY VARY. THEIR SUPERIORITY DOES NOT.

TRITON™

APOLLO+™

SOLUS+™

From Snap-on Franchisees, online Customer Care Reps, and our diagnostic support hotline to our website and YouTube™ training videos, no other company offers the level of **service** and **support** we do. Nor the **software** capabilities, upgrades and industry-leading **proprietary features**.

**Which means we not only make superiority come standard, we also set the standard. Just like you'll be doing with every challenge you face.**
