

DIAGNOSTIC FOCUS

SURETRACK® REPAIR GUIDANCE

SureTrack® is the industry's most comprehensive source of expert knowledge for professional technicians, it combines real-world insights with repair time-savers and detailed parts replacement records.

Snap-on® captures information from the repairs made in tens of thousands of repair shops every day. It's like having 70,000 techs with 40 years of experience by your side. SureTrack® can help technicians build a diagnostic strategy with Real Fixes, Top Repairs, Causes and Fixes and more that can reduce diagnostic time and increase accuracy. Real Fixes are based on expert knowledge from professional technicians who have solved the same vehicle issues you may be facing and cover just about every year/make/model combination that you're likely to see in your shop.

- Based on billions of repair records and hundreds of billions of diagnostic sessions!
- Professional technicians author SureTrack® Real Fixes and Fixed It Community Fixes from SureTrack® Community members

SURETRACK® COMMUNITY HAS YOUR BACK

By purchasing a Snap-on® diagnostic tool with SureTrack®, you'll be joining a thriving community of fellow technicians and diagnostic tool users who have faced and resolved the same issues you encounter daily. SureTrack® is built into SOLUS™, APOLLO™, MODIS™, TRITON™, ZEUS™ series products running current software. And the SureTrack Community can be accessed online. As a SureTrack Community member you will have access to these integrated applications of ShopKey Pro:

- 1Search™ Limited - SureTrack® Real Fixes, Related Tips, Top Repairs, and ProView Information
- SureTrack® Community - A library and forum filled with expert information from fellow professional technicians in the SureTrack® community

WHY IS IT IMPORTANT?

- Adds real-world experience to the OEM level data
- Helps to diagnose and fix problems faster and correctly the first time

To access the SureTrack® Community, visit www.ShopKeyPro.com and use your Snap-on® Technician Profile user name and password to login.
