ZEUS+™ MONITOR BUNDLE

- | Kit includes: (1) ZEUS+™, (1) USB Hub, and (1) 27" Touchscreen Monitor
- | Built-in Wi-Fi® and Internet browser to access your choice of information resources wirelessly
- | Fast-Track® Intelligent Diagnostics
- | Exclusive Fast-Track® Guided Component Tests show what to test, how to connect and what results to look for—avoids unnecessary parts replacement
- | Vehicle System Report shows all fault codes, readiness monitors in a customer-friendly format—helps to sell services and communicate with customer
- | Integrated diagnostic suite for fast, easy navigation: scan tool, lab scope, Guided Component Tests, SureTrack® expert information, TSBs, Oil specs and resets, data manager, optional ShopKey® Pro
- | Functional tests to verify component operation; Reset procedures to complete the repair after component replacement—only those that pertain to that fault code are shown

Snap-on®
