SMARTER. FASTER. FIXED.

SOFTWARE

Every Snap-on® diagnostic tool offers one-touch code scan and clear and manufacturer-level data, exclusive access to Security Link™, the Snap-on® Cloud and industry-leading features for all the right information, right when it's needed.

EXPERIENCE-BASED SOFTWARE

Snap-on® diagnostic tools bring more focus to every workflow, with SureTrack® for verified parts replacement records and Real Fixes; Smart Data for relevant vehicle and code-specific PIDs; guided component tests for vehicle-specific procedures on millions of components; and access to pre-filtered functional tests for verifying repairs.

HARDWARE

Built to take on even the biggest challenges, every Snap-on® diagnostic tool is designed specifically for the automotive industry and built to withstand the rigors of the shop — featuring a streamlined design, quick navigation, a rugged physical design and the technology it takes to be more productive in the bay.

UNMATCHED CUSTOMER SUPPORT

Every Snap-on® diagnostic tool comes standard with industry-best Snap-on® product support, access to online training, free support sessions with a diagnostic specialist and flexible financing.

| **Fast-Track® Intelligent Diagnostics*** guides users through every step to find the solution while avoiding the steps they don't need. It shows Real Fixes that are relevant to the fault code, highlights vehicle data that is out of expected range and provides filtered bi-directional tests, recalibrations, resets and relearns specific to the job at hand

| **Security Link™** provides direct access to vehicles right from the scan tool for 2018 and newer Fiat® Chrysler® (FCA) models

| **Ethernet communications** support for relevant Jaguar®, Land Rover® and Volvo® vehicles (requires applicable scan module)

| The **Vehicle System and ADAS Recalibration Reports** provide a useful summary for your customers of the diagnostic work you carried out

| Access to the **Snap-on® Cloud** for up-to-the-second online storage. Archive, reference, retrieve and communicate Vehicle System Reports, thermal images and more to customers, colleagues, insurance companies

| Exclusive access to **SureTrack®**, providing Real Fixes and verified parts replacement records from millions of successful repair orders

| Exclusive **Guided Component Tests** show how to test, where to connect and what results to look for

| **Guided Component Test Training** with over 70 topics and hundreds of on-tool courses ranging from 5-30 minutes, including Power User Tests, How To's, and more

| **Soft are plans** to get the most comprehensive coverage and features

| Wide-ranging **support programs**, including a Customer Care hotline, extended warranty and free comprehensive online Training and Support
