Power through a day in the shop with a PowerDrawer-equipped Snap-on® Roll Cab

KENOSHA, Wis. (Dec. 14, 2017) – A Snap-on® Masters Series Roll Cab becomes a powerful workhorse with the addition of an integrated PowerDrawer for rechargeable tools and devices. For the first time, Masters Series Roll Cabs will offer a five-outlet, two-USB port power strip in a dedicated PowerDrawer for charging power tool batteries, cell phones, tablets and more.

"Shops and techs need power sources now more than ever to keep tools and devices running throughout the day. Snap-on listened to its customers and is now including a charging option in our Masters Series Roll Cabs, and a host of other products," says Scott Amundson, a Snap-on Tools product manager. "As nearby and handy as a drawer in your tool storage box, the PowerDrawer makes it easy and convenient to power through the day without losing work time searching for additional wall outlets."

The KMP1163 Masters Series Roll Cabs are the latest addition to Snap-on storage options to offer charging capabilities, and come in a variety of configurations and colors.

Find out more about the KMP1163 Series Masters Roll Cab with PowerDrawer by contacting your participating Snap-on franchisee or other representative, visiting www.snapon.com or calling toll-free 877-SNAPON-4 (877-762-7664).

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and internet channels. Snap-on Incorporated, which was founded in 1920, is a \$3.4 billion, S&P 500 company located in Kenosha, Wisconsin, with operations throughout the world.
