Snap-on Releases New PRO-LINK® Ultra Diagnostic Software for Light and Medium Trucks

KENOSHA, Wis. (Oct. 14, 2019) – Snap-on continues to add to its collection of problem-solving scan tool products with the EEHD869048 PRO-LINK® Ultra Light and Medium Truck (LMT) 2019. This version of the LMT software expands coverage for previously-supported models, along with additional new model support including diagnostic capability for Navistar® CV Truck and Workhorse™.

New and expanded coverage in this release includes:

- Navistar® CV Truck (2019)
- Workhorse™ (1999-2012)
- Dodge®/RAM® (2006-2019)
- Ford® F-Series, E-Series, and Transit (2017-2019)
- Chevrolet® Silverado® and GM® Sierra® (2017-2019)
- Chevrolet® Express and GMC® Savana® (2017-2019)
- ISUZU® Low Cab Forward (2017-2019)

This edition also offers technicians OEM-proprietary and OBD II diagnostics for maintenance and repair productivity for OBD II-compliant 1996 and newer vehicles.

"This new LMT 2019 software adds more than 400 new diagnostic tests and numerous calibrations for a wide range of personal and light and medium commercial trucks," said David Shock, a Snap-on product manager. "This is an important software application that offers many additional benefits for hardworking Snap-on customers who benefit from the value this type of technology brings to their shop."

The new EEHD869048 PRO-LINK® Ultra LMT 2019 includes live data and powerful special tests and calibrations for a wider range of vehicles. EEHD869048U Update Software for the PRO-LINK® Ultra Diagnostic Scan Tool is available for owners of previous versions of LMT software.

Find out more about the new EEHD869048 PRO-LINK® Ultra LMT 2019 by contacting your participating Snap-on franchisee or other representative, visiting www.snapon.com or calling toll-free 877-SNAPON-4 (877-762-7664).
