## **APOLLO-D<sub>9</sub> Training Modules Added to Snap-on Website**

**LINCOLNSHIRE, Ill., Nov. 17, 2020** – To help professional technicians navigate the features and functionality of the new APOLLO-D<sub>9</sub><sup>™</sup> diagnostic tool, Snap-on<sup>®</sup> has added eight Training Solutions videos to its website at <http://diagnostics.snapon.com/trainingsolutions> that can be viewed free-of-charge.

The Training Solutions videos teach technicians how they can get the most out of their [APOLLO-D<sub>9</sub>](#) diagnostic tool through short instructional sessions on specific topics, allowing them to quickly get answers on different aspects of tool operation. Topics include controls and basic set up instructions, vehicle identification, Intelligent Diagnostics, scan data functions, functional tests, quick lookups, Global OBD-II, previous vehicles and data, and more. Visit the Snap-on [website](#) for a complete list of subjects.

Training Solutions videos provide quality product training that is available to technicians 24 hours-a-day, seven days-a-week, when it is most convenient for them. They can revisit the training sessions as often as necessary to learn at their own pace and comfort level.

With APOLLO-D<sub>9</sub> there's no more hunting through forums, endlessly searching to find the right answers or wondering which fix is the right one for the job at hand. APOLLO-D<sub>9</sub> delivers everything that technicians need and nothing that they don't. It provides access to Intelligent Diagnostics for filtered codes and vehicle specific data that is constantly updated to help them make quick and confident repairs to get their customers back on the road.

To learn more about APOLLO-D<sub>9</sub>, talk to a Snap-on representative or visit <http://diagnostics.snapon.com/apollod9>.
