Car-O-Liner Equipment Approved for Mercedes-Benz USA Certified Collision Centers

Wixom, MI – Nov. 23, 2020 – Car-O-Liner® announces that Mercedes-Benz® USA (MBUSA) has approved Car-O-Liner® structural repair equipment and tools for use in Mercedes Certified Collision Centers. The recommended products include the BenchRack™ 5500, 6300, EVO™ Fixturing and Vision™ X3 measuring. [View the products](#)

“Our entire team is excited to be a part of the MBUSA Certified Collision Center Program,” said Tim Garner, market development manager for Car-O-Liner. “Proper OEM certified repair solutions are of paramount importance to the company. The team is proud to provide equipment with the distinct capabilities of repairing Mercedes-Benz passenger cars and vans.”

The *Car-O-Liner BenchRack* combines drive-on convenience with a hydraulic lift and removable ramps. With notable versatility, collision repair shops can use it for any unibody or full frame vehicle, from small cars to light trucks, vans, and SUVs. *Car-O-Tronic Vision2* electronic measuring system for upper and lower body works seamlessly with *EVO* Systems for anchoring and fixturing. The Sprinter® segment of vehicles requires the use of *BenchRack* 6300, B731 Extension Kit, and Sprinter® adapters.

Car-O-Liner's commitment to safety, quality, and productivity in the engineering of collision repair solutions make this brand the ideal match for MBUSA.

“We are pleased Car-O-Liner joined the MBUSA Certified Collision Program earning our business by delivering engineered solutions that match with our current and future line-up,” said Benito Cid, collision program manager for Mercedes-Benz® USA.

Customers can find out more about *Car-O-Liner* collision repair products by calling 800-521-9696 or visiting www.Car-O-Liner.com.
