**It's time to celebrate dads with gifts from Snap-on**

**KENOSHA, Wis. (June 8, 2020)** – Father's Day may be recognized a little differently this year, but gifts in a variety of price ranges from Snap-on will give dads reason to celebrate.

*Under \$100*

- 1) **Snap-on® KAFAN LED Clock Two-Speed Fan** – This compact two-speed fan is a cool addition to any workspace. It comes in solid black, and red, orange and green models have a black stand and blades. It has a magnetic base and is adjustable to stand vertically or horizontally. The fan's low voltage allows it to easily plug directly into an outlet or USB connection and comes with an LED time and temperature display.

*Under \$250*

- 2) **Snap-on® JCW62G Standard Creeper** – Give the gift of comfort with the JCW62G. The flat-oval tubing hides its would-be sharp corners, plus the heavy-duty vinyl covered, fully padded, high-density 80 lb foam, 1-3/4" thick back and 2-3/4" thick headrest make this creeper a comfort keeper. The caster profile reduces rolling resistance and makes it easy to maneuver around tight corners. It comes in Snap-on red, black, green and orange.

*Over \$250*

- 3) **Snap-on® TQFR100CO 3/8" Drive Flex Head TQ Series Torque Wrench** – The 20–100 ft-lb of torque of the 3/8" wrench is accurate to +/- 4% CW, 20–100% of full scale. It offers knuckle and obstruction clearance with a 15° flex. The innovative design provides consistent, accurate readings. A unique split-beam measuring element makes for fewer moving parts and reduces friction and wear. Thumb, screw-type adjustments make it faster than cycling through a micrometer style torque wrench. The thumb guard prevents the setting from being changed accidentally and the bi-mold composite grip and cushion handle make it comfortable to use and easy to control.
