## Car-O-Liner PointX II Measuring Tool Provides Fast, Accurate Measurements

**Wixom, MI – Aug. 1, 2022** – The Car-O-Liner® PointX® II measuring tool provides shops with fast and accurate diagnostic measuring so they can start, and complete, repairs faster than ever before.

“The PointX II derives its strength from new generation technologies, both in the hand-held measuring arm and the software,” said Tim Garner, market development manager for Car-O-Liner. “This lightweight, efficient and easy-to-use measuring arm, combined with the Car-O-Data database, gives shops an affordable measuring system that lets them accurately and quickly target measuring points. PointX II is a must-have for shops that want to improve efficiency and performance.”

The [Car-O-Liner PointX II](#) is a photo-based system that helps users quickly and easily find correct measuring points. The *PointX II* interface comes loaded on a laptop, allowing full mobility, inside and outside the shop. The intuitive system documents unseen damage using the extensive Car-O-Data® database and attaches an estimate.

New vehicles are added weekly to the comprehensive database, which covers nearly 20,000 models in total. *Car-O-Data* consistently provides access to current and reliable measurement data.

Shop efficiency can also be enhanced with the new *Car-O-Liner PointX II* storage cart. The mobile cart serves as a one-stop place to store the measuring arm, all accessories, a computer, tangent board and screen, as well as many other items. Ergonomic so there is no need to work from the floor or other inappropriate surfaces, the cart places the *PointX II* and attachments at a convenient height, ensuring that technicians can work faster with less physical stress.

A [new video](#) showcases how simple the *Car-O-Liner PointX II* is to use and provides feedback from current *Car-O-Liner* customers on how the innovative measuring tool saves time and makes it easier to perform repair jobs.

To learn more about the full line of *Car-O-Liner* equipment, including the *PointX II*, call 800-521-9696 or visit [Car-O-Liner.com](http://Car-O-Liner.com).
