## **Innovative Hofmann Products on Display at 2022 VISION Hi-Tech Training & Expo**

**Conway, AR – Feb. 28, 2022** – Hofmann<sup>®</sup> productivity-enhancing products will be on display and available for demonstration during the upcoming VISION Hi-Tech Training & Expo held March 3-6 at the Overland Park Convention Center in Overland Park, Kansas.

“The VISION Hi-Tech Expo provides an ideal opportunity to showcase industry-leading Hofmann wheel service products and let the service professionals in attendance have an opportunity to experience onsite demonstrations,” said Jordan Krebs, product manager-alignment and ADAS, Americas, for Hofmann. “We encourage all expo attendees to visit with us at VISION to see how Hofmann can help them grow their wheel service businesses.”

The new *Hofmann geoliner*<sup>®</sup> 609 wheel alignment system will be featured at the Hofmann booth (#627-629). Versatile and requiring minimal space, the [geoliner 609](#) is pre-assembled for one-person installation to get started. It integrates the same core system features of the *Hofmann* advanced 3D imaging alignment systems within a compact, economical design.

The *Hofmann geoliner* 770 mobile imaging wheel aligner will also be available for demonstrations. Ideal for high-volume shops that specialize in alignments and wheel service, the [geoliner 770](#) delivers sophistication in a compact footprint. It is designed to fit where shops need it and is mobile enough to move anywhere in the service bay.

In addition to the *Hofmann* equipment on display at VISION, Challenger Lifts and Pro-Cut<sup>™</sup> Brake Solutions will also have their innovative equipment on display at the Snap-on<sup>®</sup> booth.

For information about the 2022 VISION Hi-Tech Training & Expo, visit <https://www.visionkc.com/>. Customers can learn more about *Hofmann* wheel service products, by calling 800-251-4500 or visiting [www.hofmann-equipment.com](http://www.hofmann-equipment.com).
