Snap-on Adds New Playlist to its Diagnostics YouTube Channel Highlighting Latest Software Release

LINCOLNSHIRE, IL, May 31, 2022 – Snap-on® has added a new playlist to its diagnostics [YouTube](#) channel that includes several videos that highlight innovative features of its [spring 2022 software release](#). The videos are designed to help professional service technicians bring out the best in their Snap-on diagnostic platforms.

Video topics include:

- Clear View Flag Tracker
- Euro Market Vehicles
- Motorcycle Coverage
- Ford Programmable Module Initialization
- Security Link Details

Visitors to the channel can also view a [special diagnostics livestream](#) video featuring Jason Gabrenas, Snap-on national diagnostics technical trainer, providing a full overview of the newest software.

When technicians upgrade to the latest software release, innovative diagnostic tool capabilities can drive their confidence, knowing they are ready to serve customers with unparalleled depth in general and collision repair coverage. New features and coverage, plus everything from previous releases, give technicians the opportunity to take advantage of state-of-the-moment diagnostic solutions. Every day when they power on, technicians can perform simpler and smarter fixes that lead to complete repairs and very satisfied customers.

For more information about the latest software coverage and features or available software programs, contact a participating Snap-on Franchisee or other sales representative, or visit <http://diagnostics.snapon.com/software>.

About Snap-on Diagnostics:
