## Snap-on TRITON-D10 Receives 2022 PTEN Innovation Award

**LINCOLNSHIRE, IL, Aug. 2, 2022** – Snap-on announces its TRITON-D10™ diagnostic platform received the 2022 *Professional Tool & Equipment News* (PTEN) Innovation Award for the automotive scan tools category. TRITON-D10 is an advanced diagnostic tool with scan and lab scope capabilities.

Using Fast-Track® Intelligent Diagnostics, [TRITON-D10](#) filters data and delivers smart shortcuts to information directly related to the diagnostic trouble code, providing a route to the answers needed to complete the repair efficiently and confidently.

SureTrack® delivers verified parts replacement records and Real Fixes, as well as Smart Data for relevant vehicle and code specific PIDS, plus access to prefiltered functional tests and guided component tests to verify repairs. TRITON-D10 offers sophisticated verification and testing functionality, including advanced graphing features and OEM-level data, and guided CTM/scope for verifying component failures.

The *Professional Tool & Equipment News* Innovation Awards recognize companies whose products respond to the automotive repair industry's market challenges with creativity and innovation. All entries are judged by a panel of automotive repair industry professionals. For 2022, PTEN received 121 submitted product entries in 23 categories.
