Snap-on TRITON-D₁₀ Scan Tool Wins MOTOR Top 20 Award

LINCOLNSHIRE, Ill., Sept. 20, 2022 – Snap-on® announces its TRITON-D₁₀™ scan tool has won a MOTOR Top 20 Award for being an outstanding industry solution. It was selected by peers, meaning that, by voting for the entry, automotive professionals recognized TRITON-D₁₀ as among the year's most valuable contributions to the industry.

The [TRITON-D₁₀](#) scan and 2-channel scope tool is ideal for shop owners and general technicians that need scope functionality, intuitive diagnostic testing and system verification from a single source for more all-around certainty, even on complex repairs.

TRITON-D₁₀ lets users dig deep into the vehicle systems and evaluates performance with comparative data, systematically eliminating the unnecessary data to provide only the specific resources that technicians need for the job. Snap-on's Fast-Track® Intelligent Diagnostics help to streamline the diagnostic process. Rugged hardware that is designed specifically for the shop, super-fast two second boot-up and a 10-inch capacitive touch screen display brings clarity to the diagnosis.

To learn more about Snap-on diagnostic solutions, talk to a Snap-on representative or visit www.snapon.com/diagnostics.

About Snap-on Diagnostics:

Snap-on Diagnostics is part of Snap-on Incorporated, leading global innovator, manufacturer and marketer of tool, diagnostic and equipment solutions for professional tool users. Products are sold through its franchised dealer van, company-direct sales and distributor channels, as well as over the Internet. Founded in 1920, Snap-on is headquartered in Kenosha, Wisconsin.
