Snap-on TSS Products to be Displayed at Autopromotec

Innovative John Bean Tru-Point ADAS System Available for Demonstrations

Conway, AR – May 17, 2022 – The John Bean[®] Tru-Point[™] advanced driver assistance system (ADAS) calibration system will be one of the many Snap-on[®] Total Shop Solutions (TSS)[™] innovative products on display at the 2022 Autopromotec show, May 25-28 in Bologna, Italy.

Tru-Point will be available for demonstrations at stand B28 in hall 19. A revolutionary ADAS calibration tool, *Tru-Point* is the only all-in-one solution on the market that allows shops to validate if the vehicle meets the OEM-required alignment specifications, as well as the proper target placement procedures. *John Bean Tru-Point* is equipped with top-of-the-line software technology and can be operated by one person, saving time and eliminating the need for extensive training.

In addition to *Tru-Point*, the stand will also feature products from other TSS brands, including Hofmann[®], Blackhawk[®], Cartec[®], Car-O-Liner[®], Ecotechnics[®], Josam[®] and SUN[®] Collision. Many of the products will be available for hands-on demonstrations. Examples of showcased innovative equipment include:

- [John Bean V3300 diagnostic wheel alignment system](#) - The award-winning V3300 is designed for high-volume shops and provides immediate, precise alignments while its intuitive notification system helps to prevent errors before they result in a bad alignment.
- [Hofmann geoliner[®] 609 and 770 Wheel Aligners](#) - These versatile aligners provide advanced tire workshops with the same high level of innovative performance and precision that they have come to expect from *Hofmann*.
- [Car-O-Liner CDR1 workstation](#) will also be available for demonstrations at Autopromotec. The value-packed, all-in-one CDR1 contains all the equipment and materials needed to perform light-to-medium collision damage repair quickly and efficiently.

In addition, the [new Induction Heater H4 PRO](#) and [Cartec New Generation Truck Brake Tester 420-BR](#) will be showcased in TSS stand B28 in hall 19 at Autopromotec.
