## Upgrade to the Latest Snap-on Software Release to Enter the ZEUS+ Diagnostics EPIQ Workstation Giveaway

**LINCOLNSHIRE, Ill., Nov. 15, 2022** – Any Snap-on® customer with a diagnostic platform running the fall software release by Dec. 31, 2022 will be entered into a [sweepstakes](#) for the chance to win an EPIQ™ workstation, which will include a new ZEUS™+ Fast-Track® Intelligent Diagnostics platform.

To be eligible for the sweepstakes, Snap-on diagnostic customers simply need to ensure they have the latest software on their tool.

With the newest software release, technicians gain the ultimate advantage every day with uninterrupted access to a universe of dynamically updated resources. From the moment they power-on, technicians can confidently service customers with a tool containing unparalleled depth in general and collision repair coverage for Asian, domestic and European vehicles.

The [ZEUS+ diagnostic tool](#) is the most advanced information-driven scan and scope device in the industry, offering the onboard storage, processing and communications capabilities that professional technicians need to get them through each step, from start to finish. Driven by Fast-Track Intelligent Diagnostics, the ZEUS+ provides the information needed to diagnose, repair and manage any issue, simplifying the workflow and increasing efficiency on every job.

Visit [snap-on.com/diagnostics](https://snap-on.com/diagnostics) to view information about platforms and learn more about the latest software.

To buy a new platform or upgrade to the latest software, contact a participating Snap-on Franchisee or other sales representative.

### **About Snap-on Diagnostics:**

Snap-on Diagnostics is part of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, diagnostics and repair information and systems solutions for professional users performing critical tasks. Products are sold through the company's franchisee, company-direct distributor and Internet channels. Founded in 1920, Snap-on is headquartered in Kenosha, Wisconsin.
