New bendable lighting solution from Snap-on illuminates hard-to-reach spaces

KENOSHA, WI (August 25, 2023) – When the work is in a tight, hard-to-reach space, the new **Snap-on® ECSPJ002 60 Lumen Bendable Light** can brighten even the smallest, darkest areas. With an ultra-slim head that measures a mere 0.36" and a gooseneck that extends a full 10-1/2", this flexible solution gets into the nooks and crannies other lights can't come close to reaching.

The 60 lm output stays bright for more than four hours and is easily rechargeable in just two hours. This light has sturdy engineering behind it and is made with materials that are oil resistant, especially helpful when reaching around under hood elements. An added bonus is the light handle that is made with a grip designed for comfort.

Customers can learn more about the new Snap-on® ECSPJ002 60 Lumen Bendable Light by contacting their participating Snap-on franchisee or representative, calling toll free 877-SNAPON-4 (877-762-7664) or visiting www.snapon.com

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and internet channels. Snap-on Incorporated, which was founded in 1920, is a \$4.5 billion, S&P 500 company located in Kenosha, Wisconsin, with operations throughout the world.
