## Snap-on Adds ZEUS+™ and SOLUS+™ to the Diagnostics Tool Matcher Webpage

LINCOLNSHIRE, Ill., Sept. 13, 2023 – Snap-on® has updated the diagnostics [tool matcher](#) feature on its [website](#) with the addition of the new ZEUS+™ car diagnostic tool and information system and the latest product to be released, the SOLUS+™ scan tool. Professional technicians can use the feature to find the best diagnostic platform for their specific needs.

When technicians click on the “Let’s Get Started” button, they will complete a short survey about the jobs they perform every day, the features that they use or believe would come in handy and how often they connect to a car. Once they hit the “Find Your Ideal Platform” button, they’ll receive a recommendation for the right Snap-on Diagnostics tool for them, either [SOLUS+,- APOLLO-D<sub>9</sub>](#)™, [TRITON-D<sub>10</sub>](#)™ or [ZEUS+](#).

The survey results provide an overview of the tool, including what jobs its ideal for, a product video and the option to request a demonstration from their nearest Snap-on representative. The tool matcher also provides a comparison of the diagnostics range and shows how the different products increase in features and capabilities.

Technicians that use the tool matcher feature will also receive their results via e-mail for future reference.

For more information, visit [www.snapon.com/diagnostics](http://www.snapon.com/diagnostics) or talk to a Snap-on franchisee or other sales representative.

### **About Snap-on**

Snap-on Incorporated is a leading global innovator, manufacturer, and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks including those working in vehicle repair, aerospace, the military, natural resources, and manufacturing. From its founding in 1920, Snap-on has been recognized as the mark of the serious and the outward sign of the pride and dignity working men and women take in their professions. Products and services are sold through the company’s network of widely recognized franchisee vans, as well as through direct and distributor channels, under a variety of notable brands. The company also provides financing programs to facilitate the sales of its products and to support its franchise business. Snap-on, an S&P 500 company, generated sales of \$4.5 billion in 2022, and is headquartered in Kenosha, Wisconsin.
