Snap-on Diagnostic Training Modules Now Available in French

View them on the @snapondiagnostics YouTube Channel

LINCOLNSHIRE, Ill., May 21, 2024 – Snap-on® announces it has translated the training modules for the [ZEUS+™](#), [SOLUS+™](#), [TRITON-D10™](#) and [APOLLO-D9™](#) diagnostic platforms into French and they are now available for viewing on its YouTube channel.

Training modules teach technicians how to get the most out of their diagnostic tools through short instructional videos that provide information on different aspects of tool operations. Topics include an introduction to the tool, navigation, diagnostic capabilities, troubleshooting tips and much more. Training modules help technicians navigate their Snap-on diagnostic tools from the very start, allowing them to benefit from industry exclusive features immediately.

Technicians can revisit the training sessions on the [Snap-on YouTube](#) channel as often as necessary to learn at their own pace and comfort level.

For more information, talk to a Snap-on Franchisee or other sales representative or visit www.snapon.com/diagnostics.

About Snap-on

Snap-on Incorporated is a leading global innovator, manufacturer, and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks including those working in vehicle repair, aerospace, the military, natural resources, and manufacturing. From its founding in 1920, Snap-on has been recognized as the mark of the serious and the outward sign of the pride and dignity working men and women take in their professions. Products and services are sold through the company's network of widely recognized franchisee vans, as well as through direct and distributor channels, under a variety of notable brands. The company also provides financing programs to facilitate the sales of its products and to support its franchise business. Snap-on, an S&P 500 company, generated sales of \$4.7 billion in 2023, and is headquartered in Kenosha, Wisconsin.
