Snap-on® illuminates dark workspaces with new 1,000 Lumen Rechargeable Battery Bar Light

KENOSHA, Wis. (May 30, 2024) – Snap-on® delivers dependable, convenient lighting for busy automotive technicians with its new 1,000 Lumen Rechargeable Battery Bar Light.

Equipped with two Snap-on® rechargeable batteries, the ECFDG108 has a runtime of 3-1/4 hours on high and an impressive 24 hours on low, ensuring constant illumination for maximizing productivity. Its 120-degree rotating base offers flexible lighting angles, allowing techs to light dark areas for better visibility. Strong magnets in the base allow hands-free use and the side battery cradle door makes loading batteries quick and easy, minimizing downtime.

For more information about the new ECFDG108 or other Snap-on tools and products, contact your participating Snap-on franchise or visit www.snapon.com.

About Snap-on Tools

Snap-on Tools is a subsidiary of Snap-on Incorporated, a leading global innovator, manufacturer and marketer of tools, equipment, diagnostics, repair information and systems solutions for professional users performing critical tasks. Products and services include hand and power tools, tool storage, diagnostics software, information and management systems, shop equipment and other solutions for vehicle dealerships and repair centers, as well as for customers in industries, including aviation and aerospace, agriculture, construction, government and military, mining, natural resources, power generation and technical education. Snap-on Tools is one of the largest non-food franchise companies in the world, selling its products and services through franchisee, company-direct, distributor and internet channels. Snap-on Incorporated, which was founded in 1920, is a \$4.5 billion, S&P 500 company located in Kenosha, Wisconsin, with operations throughout the world.
