Snap-on SOLUS+ Scan Tool Wins PTEN People's Choice Award

LINCOLNSHIRE, Ill., Oct. 3, 2024 – Snap-on® announces its SOLUS+™ scan tool has won the People's Choice Award for the automotive scan tools category in the 2024 Professional Tool & Equipment News (PTEN) Innovation Award program. SOLUS+ was chosen for its product innovations that make vehicle diagnosis and repair easier and more efficient, helping shops to be more productive.

SOLUS+ is the ultimate scan tool for everyday maintenance and repairs, featuring exclusive SureTrack® verified repair information and comprehensive coverage for 49 domestic, Asian and European vehicles, and nine domestic motorcycles. It provides all the sophisticated features that technicians need to handle a broad range of diagnostics without the complex functions that they don't. With super-fast boot up, it's ready to use in just two seconds and diagnostic results are available in as little as 30 seconds. SOLUS+ also offers detailed trouble code definitions, live data, functional tests, relearns and adaptations.

For the 10th year, readers of PTEN were invited to voice their opinions and vote on their top product entries nominated in the Innovation Awards program to be recognized as 2024 People's Choice Award winners.
