

Car-O-Liner EVO Anchoring and Holding Systems Provide Efficient Inventory Control

CONWAY, Ark. – June 25, 2025 – The Car-O-Liner® EVO™ Anchoring and Holding Systems offer universal anchoring, holding and fixturing solutions comprised of an optimal number of components, designed to be used alone or in combination with one another to securely handle any repair scenario that enters a shop. *EVO* features a modular three-part design with versatile components, where each component can be assembled with the others in a multitude of configurations. *EVO* can handle every imaginable anchoring and fixturing situation.

Although the *EVO* systems work superbly on their own, they can also be integrated with the Car-O-Tronic® electronic measuring system and Vision2™ X3 software package to derive maximum benefits. A [video](#) showcases all the various parts of the *Car-O-Liner EVO* 1-2-3 Anchoring and Holding systems. [EVO 1-2-3 Anchoring and Holding Systems](#) are available in three kits that evolve to address a multitude of repair needs:

- **EVO 1 - Basic Anchoring System** – contains an optimal number of components offering a wide variety of configurations. A system made for easy and speedy holding and anchoring, without extra fixtures, the *EVO* basic anchoring system includes three towers, a multipurpose clamp, track plates, an adapter with bushings, chain holder and torque bar.
- **EVO 2 - Extended Anchoring System** – Optimize the repair process with the evolution of *EVO* 1. Easily tackle complicated repairs with advanced anchoring, holding and isolation for structural repairs.
- **EVO 3 - The Fixturing System** – Hold replacement parts in place while welding and bonding. *EVO* 3 works on all vehicle models when combined with *EVO* 1 and *EVO* 2 and is supported by the *Car-O-Tronic Vision2* X3 electronic measuring system.

“The *EVO* systems offer a wide range of configurations that can be used together to help shops easily manage complicated frame repairs and structural repairs,” said Tim Garner, national accounts and OEM sales manager for Car-O-Liner. “When it comes to aligning and repairing modern vehicles, leading body shops focus on craftsmanship, equipment and design. *EVO* works for every vehicle year, make and model, so shops never have to pay traditional fixture costs.”

To learn more about the *Car-O-Liner EVO* 1-2-3 Anchoring and Holding systems or for more information about the full line of productivity-enhancing *Car-O-Liner* equipment, call 800-521-9696 or visit Car-O-Liner.com.
