## **Hofmann monty 3550 Tilt-Tower Tire Changer Delivers Power, Precision and Efficiency for High-Volume Shops**

**Conway, Ark. – May 28, 2025** – The Hofmann<sup>®</sup> monty<sup>®</sup> 3550 Tilt-Tower Tire Changer provides shops with the precision and power needed to service a wide variety of vehicles, including cars, SUVs and light trucks.

“The monty 3550 blends traditional design elements with state-of-the-art features, making the tire-changing process more efficient while helping to prevent potential wheel damage,” said Leandro Camargo, product manager for *Hofmann*. “It is a superior solution for smaller high-volume shops in need of a versatile machine to service most vehicle types.”

The [monty 3550](#) Tilt-Tower Tire Changer includes an on-floor bead breaker integrated with the tilt-tower configuration, facilitating effortless wheel placement, reducing technician fatigue and minimizing the risk of wheel damage.

Equipped with smartSpeed<sup>™</sup> self-adjusting technology, the *monty* 3550 delivers optimal torque and maximized rotation speed for safe, efficient operation. The rim-clamping bead seater releases a direct burst of compressed air through the clamping jaws to aid in bead seating, while the ergonomically designed pneumatic bead assist accelerates the process of positioning the mounting head on all types of wheels.
