Snap-on Announces New Live Stream Diagnostic Training Dates, Topics for the Fourth Quarter

LINCOLNSHIRE, Ill., Oct. 14, 2026 – Snap-on® announces its updated schedule of live stream diagnostic training sessions, featuring a variety of topics designed to help automotive technicians enhance their diagnostic skills and get the most from their diagnostic tools. Led by Diagnostics National Trainer Jason Gabrenas, the free training sessions are offered twice weekly throughout the fourth quarter.

Live stream training sessions are held at 7 p.m. CST on Tuesdays via [Zoom](#) and [YouTube](#), and Wednesdays on [Facebook](#), with special heavy-duty training offered on [Zoom](#) the third Thursday of each month.

Each session includes 30 minutes of in-depth instruction and live demonstrations, followed by a 15-minute question-and-answer segment. The interactive format gives technicians the opportunity to learn practical diagnostic techniques, explore advanced tool functions and receive expert guidance on real-world repair challenges.

The updated schedule of training sessions includes:

- Oct. 20/21 Oxygen Sensors Operation and Analysis
- Oct. 27/28 Multi-Channel Component Testing
- Nov. 3/4 Real Fixes / SureTrack
- Nov. 10/11 Modern Suspension Systems Operation and Diagnosis
- Nov. 17/18 OBD-II Part 1
- Nov. 19 How to Set Up Parameters to Create Efficiency
- Nov. 24/25 OBD-II Part 2
- Dec. 1/2 Security Link 101
- Dec. 8/9 Braking System Maintenance
- Dec. 15/16 Oxygen Sensors Operation and Analysis
- Dec. 17 Managing Expectations with Pre-Scans and Post-Scans
- Dec. 22/23 Multi-Channel Component Testing
- Dec. 29/30 Real Fixes / SureTrack
