

### EETH310: Diagnostic Thermal Imager Elite

#### Applications:

Can be used on any vehicle for any number of applications.

#### Features:

- Using Wi-Fi, upload images to ALTUSDRIVE.com to print, store and share images captured on the Thermal Imager Elite
- Point at any area of the vehicle to see detailed images of an object's heat signature
- Shows extreme temperatures from -4–840 °F (-20–450 °C)
- Detects problems all around the vehicle: brakes, heated seats, misfires, HVAC, worn bearings, belts, emission controls and many more
- Exclusive database of guided tests shows dozens of valuable automotive applications
- Reference images showing normal components and failed components, so the technician knows exactly what to look for
- Large 4.3" color screen so the technician doesn't miss a clue; 320 x 240 pixel resolution
- Customized views on screen assist in diagnosis and pinpointing location; choose from picture in picture, full thermal and side by side
- Color reference scale automatically calibrates, providing the temperature of everything in the image
- Images are captured with a pull of the trigger; saved images can be used for reference and to create convincing repair orders
- Pistol-grip ergonomics for comfort and convenient access to tight locations

- Rechargeable high-power lithium-ion battery with a 4-hour charge life and convenient battery level indicator
- Image refresh rate: nine times per second
- Includes Thermal Imager, microSD® card, AC charger, USB cable and a Quick Start Guide

#### Specifications:

- Temperature Range, °F (°C): -4–840 (-20–450)
- Screen Resolution, Pixels: 320 x 240
- Screen Size, inches: 4.3
- Battery Life, Continuous Hours: 4
- Weight, oz: 12
- Depth, inches: 2
- Width, inches: 3.8
- Height, inches: 8.5
