

SOLUS LEGEND™

Vehicle and motorcycle
diagnostics in just one tool.

FEATURES Fast & Productive

- Take on more jobs with access to comprehensive OEM-specific motorcycle coverage for nine Domestic, Asian and European makes as far back as 2000 — as well as automotive coverage for 49 Domestic, Asian and European vehicles as far back as 1980
- Super-fast bootup: ready to use in just 5 seconds; diagnostic results in as little as 30 seconds
- Detailed trouble code definitions, live data, functional tests, relearns and adaptations
- Customizable to work the way you do — custom data lists, freeze-frame, PID sorting, pause, zoom, PID trigger, snapshot and cursor functions
- Instant Vehicle ID automatically powers up and reads the vehicle ID when connected
- One-Touch Code Scan & Clear performs a complete scan of all available vehicle systems
- Verify diagnosis and repair with powerful bidirectional controls for operations such as injector balance, gauge sweep, misfire detection, brake bleed and EVAP
- Embedded SMX® Operating System dedicated to diagnostic functions for fast, reliable operation
- Automatically upload vehicle system reports via Wi-Fi to the Snap-on Cloud (when using current software) and access them from your phone or computer; print, e-mail and text from there

Enhanced Design

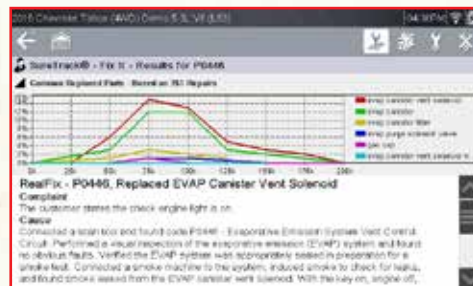

- Large 8" display for better readability and greater ease of use
- Unique steady-charge lithium-ion battery system charges automatically from the vehicle
- User-programmable hot key for instant access to frequently used functions
- USB port for PC connectivity; save, print and share using ShopStream Connect™ software

Expert Knowledge & Tips

- SureTrack® delivers diagnostic experience and verified parts replacement records, harvested from millions of successful repair orders
- Ability to record and play back all available live data parameters and graph any four on screen at once

Use bidirectional controls while viewing live data for true cause and effect diagnostics.

SureTrack® shows Real Fixes and verified parts replacement records for a confident diagnosis.

Coverage for 49 automotive makes and nine OEM motorcycle makes.

The industry's best vehicle coverage, best range of functionality and best customer support. That's what makes Snap-on[®] diagnostic tools an easy choice.

Since day one, Snap-on has been committed to creating tools that enable technicians to work smarter. It's true of our hand and power tools. And it's especially true of our diagnostics. Whether you're a young tech looking for an entry-level scanner, a shop owner in need of a complete shop management tool or anyone in between, no one offers smarter solutions than Snap-on. No one offers the range of choices we do, either.

How to make your diagnostic tool even smarter.

Software Subscription

Regularly scheduled software upgrades not only maximize your diagnostic tool investment, they guarantee it's always providing the same comprehensive performance as it did on day one. Each upgrade provides updated coverage for new vehicles, expanded coverage for earlier models, and thousands of new tips and tests. Purchasing a software subscription up front is the easiest way to assure you're always getting the most out of your tool. Ask your Snap-on Franchisee or other Sales Representative for more information.

Training Solutions[®]

Learn your way around your diagnostic tool and how to get the most functionality out of it with training videos — available online 24/7 at diagnostics.snapon.com/trainingsolutions

The Snap-on Cloud

When using the most current software and connected to Wi-Fi, your SOLUS Legend[™] can automatically upload vehicle system reports to the new Snap-on Cloud so you can access them from your phone or computer whenever you or your customer needs them. With the Snap-on Cloud, make your next diagnosis — and your next repair — quicker than ever before. Go to altusdrive.com to get connected.

Accessories

We offer hundreds of smart ways to personalize, protect and expand your diagnostic investment. Ask your Snap-on Franchisee or other Sales Representative for details. Or visit diagnostics.snapon.com
