Guaranteed Fast Answers with SURETRACK®

Why waste your time and money searching the web when you can get all the answers and more from your Snap-on® diagnostic tool. For the price of current software, less than you pay for online forums, you get better answers right in your tool.

You see, every software release includes SureTrack®. A real game-changer. Take advantage of Real Fixes and verified parts replacement records harvested from millions of ACTUAL completed repair orders. Expert information that can help anyone, regardless of experience level:

- Verified parts replacement records showing successful fixes
- Expert information hot-linked directly from diagnostic trouble codes
- Exclusive insight based on experience from millions of repair orders
- Vehicle-specific fixes based on symptoms, codes and mileage
- Definitive, reliable answers, validated by SureTrack expert technicians

Simply click on a fault code and see results, including Real Fixes from completed repair orders, shown in a straightforward Complaint, Cause, Correction format (Typical SureTrack results shown on MODIS™ Edge).

On-Tool Experience

SureTrack comes with your software at no extra charge ON YOUR TOOL. You get it as part of your software upgrade*.

*Available on VERUS®, VERDICT® and MODIS™ families, and SOLUS™ Edge.

Training Where You Are, When You Need It

Online Training Solutions®

Need an easy way to get answers and the very most out of your Snap-on diagnostic tool? All diagnostics training modules are now available on our web site and YouTube. These in-depth, yet quick-to-view segments deliver high quality product training 24/7, at no charge. You can revisit the training sessions as often as necessary to learn at your own pace and comfort level.

Real-World Quick Tips

Snap-on offers Quick Tips training videos to help professional technicians like you speed up your diagnostic capabilities. The videos, based on real case studies, show how to apply diagnostics to specific vehicles and applications through two minute demonstrations of diagnostic tools solving common problems.

Diagnostic Training Solutions and Quick Tips may be viewed at diagnostics.snapon.com/TrainingSolutions or the YouTube® Snap-on channel.

On-Tool Guided Component Tests

Our diagnostic software offers Guided Component Test procedures including new top level information on platforms with component test capabilities (VERUS®, VERDICT®, MODIS™ and VANTAGE® Families).

Get to the root cause faster with exclusive Guided Component Tests that show how to test, where to connect and what results to look for!

Don't Get Caught Short in the Bay

Snap-on® Software Subscription keeps you current with constant coverage and instant answers through SureTrack – turning more cars more quickly and accurately. Be ready for every vehicle that rolls into your bay with the most affordable software upgrade program yet.

- New model year coverage and expanded coverage back to 1981
- SureTrack®—the destination for expert knowledge
- Get up to \$600 annual discount over standard upgrade purchases
- Lowest weekly or monthly payment option

Affordability

A Snap-on Software Subscription is the no-hassle, low-cost way to get updated automatically. In addition, you actually save money† and have the option to make regular weekly or monthly payments, whichever works best for you. This is significant savings for shops and technicians with the lowest software upgrade price available.

Software Subscription Savings!	
VERUS, VERDICT and MODIS Families	\$500–600
Eligible SOLUS Family Platforms	\$350–600
ETHOS Family Platforms	\$230–281

† Payment based on 12 month term for Subscription. Year-over-year savings is estimated, does not include taxes and other charges, and is subject to change. Not all software products qualify. All Subscription programs, enrollment fee is separate and not eligible for monthly payment option. Rates and terms are subject to Credit Approval at time of sale and terms of the program and contract. Not everyone will be approved.
