# AIR CONDITIONING

## KOOLKARE DUAL GAS 12

There is no need to take up valuable workshop space with two air-con machines when you can have one! The Sun KoolKare Dual Gas 12 is a fully automatic, air conditioning recovery and recycling machine which services both R134a and HFO1234yf gas vehicles. The automatic system saves time and boosts workshop productivity because the process can be started and left to run without additional technician input required.

### FEATURES

■ **Two gasses one machine:**

You can service all AC systems using R134a or HFO1234yf gasses with a single machine, improving workshop efficiency and saving space

■ **Extensive database:**

A comprehensive and fully updateable vehicle database ensures you can service every vehicle that comes into your workshop

■ **Refillable hermetically sealed bottles:**

Eliminates moisture ingress and prevents oil and dye bottle contamination, to guarantee a quality air-conditioning service

■ **Integrated printer:**

You have the option to print your test results using the inbuilt printer. This serves as proof of maintenance

### THE KOOLKARE DUAL GAS 12 INCLUDES FREE STARTER KIT CONTAINING:

- |                      |                  |
|----------------------|------------------|
| ■ Oil                | ■ Thermometer    |
| ■ Ultra-violet dye   | ■ Safety goggles |
| ■ Ultra-violet light | ■ Gloves         |

# MOT TESTING

## SSL 6350 ONE-PERSON MOT TEST LANE

Why do you still need two people for an MOT Test? Because you are restricted by your ramp! SSL 6350 is an exclusive lift for one-person MOT testing, it can be installed into existing bay recesses with no groundworks required\*. Installation in just one day, it minimises test lane downtime and revenue losses. It's a perfect solution for current MOT stations wanting to bring their equipment right up to date.

### FEATURES

■ **Fits into your existing recess:**

No groundwork required\* saving you thousands of pounds and retains your MOT grandfather rights, whilst opening up your workshop

■ **Work on modern wider vehicles:**

overall width of 2160mm and with a rated lifting capacity of 3500kg make the SSL 6350 suitable for most modern vehicles

■ **Integrated play-detector:**

DVSA-approved play detector with wireless control assists technicians when inspecting suspension and steering joint components

### THE SSL 6350 OPTL PACKAGE INCLUDES:

- SSL 6350 Scissor Lift
- SPD2000 Joint PLay Detectors
- FREE Jacking Beam 2T manual pump
- FREE Headlight Beam Tester
