

THE RIGHT TOOL.  
WITH THE RIGHT SUPPORT.  
FOR THE RIGHT FIX.  
RIGHT AWAY.

The **APOLLO-D9™** Driven by Fast-Track® Intelligent Diagnostics from Snap-on®

# THE SUPER-FAST, SUPER-SMART, SUPER-EASY SUPER TOOL.

Your job calls for having all the right answers every time you make a repair. But for that, you need the right diagnostic tool — from a company you can trust.

**The APOLLO-Dg** provides the information and resources you need to get the job done. It even gives you access to Intelligent Diagnostics from Snap-on — for filtered codes and vehicle-specific data to help you find the right fix fast.

No more hunting through forums or endlessly searching to find the right answers. No more wondering which fix is the right one for the job at hand.

Everything you need, and nothing you don't. For *that* specific issue on *that* specific vehicle. All right there, when and where you need it.

## Hardware

The best tools help you get things done instead of getting in your way. Designed to withstand the rigors of the shop environment, the APOLLO-D9 features a sleek, sophisticated design, with a four-way thumb pad for quick navigation, a 9" capacitive color touchscreen display for improved readability and 5 GHz wireless compatibility for more productivity in the garage.

## Experience-Based Software

Working smarter means getting answers faster than ever, without unnecessary information stealing focus from the job at hand. Intelligent Diagnostics on the APOLLO-D9 simplifies your workflow, with SureTrack® delivering verified parts replacement records and Real Fixes—along with Smart Data for relevant vehicle and code-specific PIDs and access to prefiltered functional tests to verify repairs.

## Software

You're too busy to keep switching back and forth between resources to find the information you need. The APOLLO-D9 offers advanced graphing features and OEM-level data, with up to eight live data parameters onscreen at a time—plus access to all data parameters when you need them, ensuring a seamless workflow.

## Unmatched Customer Support

All the intelligence in the world means nothing if it isn't easy to use. The APOLLO-D9 comes standard with industry-best Snap-on® Customer Care, plus 24/7 online training and support, industry-focused national online training, flexible financing, and exclusive access to the Snap-on® Cloud.

IN A WORLD  
OF HAYSTACKS,  
BE THE ONE  
WHO FINDS  
THE NEEDLES.

Driven by Fast-Track® Intelligent Diagnostics from Snap-on, **the APOLLO-Dg** saves you time by filtering a universe of data and guiding you directly to the answers you need — so you can find the right fix every time.

Bringing greater focus to every repair and greater efficiency to you and the garage. With features and advantages you'd otherwise expect only from a more advanced diagnostic tool.

## Intuitive Start Screen

The Intelligent Diagnostics landing page shows you a comprehensive view of a logical diagnostic workflow, guiding you through the repair you're working on and avoiding unnecessary steps along the way—all on a single screen.

**Top Repairs**

- replaced fuel injector (3)
- replaced fuel pressure control solenoid
- replaced fuel pressure sensor (6)

**Symptoms**

- Difficult engine start
- Engine stall (cold engine)
- Fault codes: Fuel rail/systems pressure too low: EOBBD Code: P0087
- Fuel systems, major leakage detected: EOBBD Code: P0095
- Conditions when the symptoms appear:
- when starting the engine
- When driving

**Cause**

- High pressure fuel circuit:
- The fuel pressure is too low

**Solution**

- Connect the diagnostic tool
- Read out the fault codes
- If the following fault codes are present: Fuel rail/systems pressure too low: EOBBD Code: P0087
- Fuel systems, major leakage detected: EOBBD Code: P0095
- Proceed as follows:
- Check the service interval
- Fuel filter: 40,000 km/48 months

**Fuel Pressure Refs**

259  
251 - 416

**Fuel Flow Regulate**

18  
16 - 18

**Injected Flow Meas.**

5.49  
6.00 - 8.24

**Functional Tests**

- Fuel Flow Regulator
- Reset
- Injector Programming

**Additional Functional Tests and Reset Procedures**

Actuator Tests

**Real Fix - P0087, Replaced Fuel Filter** 47 Fixed !!

**Complaint**

The customer states the check engine light is on.

**Cause**

Connected a scan-tool and found code P0087 - Fuel Rail/System Pressure - Too Low. Used scan tool to monitor the fuel pressure with the engine at idle and 2,000 RPM and found the fuel pressure values were below specifications. Inspected the fuel systems for leaks, and found none. Connected a fuel pressure gauge to the fuel filter outlet, tested fuel pressure with the key on and engine off, and found the measured fuel pressure was below the specified range. Replaced fuel filter and visually inspected, found fuel filter clogged with debris. These test results verified the fuel filter was faulty.

**Correction**

## Top Repairs

Graphical display of the specific parts and procedures most frequently used at a specific mileage to fix the selected code

## Technical Service Bulletins

Up-to-date, one-click access to relevant manufacturer-specific Technical Service Bulletins (TSBs).

## Smart Data

Relevant Parameter IDs (PIDs) for the specific vehicle and code, highlighting those out of expected range

## Functional Tests

Access to a pre-filtered list of functional tests and resets, letting you quickly verify component operation—with easy-to-follow procedures to confirm and validate your specific repair

## Real Fixes

Verified repair tips and fixes via SureTrack, eliminating the need to consult other resources; firsthand insights from other technicians written specifically for Snap-on

## Quick Access Menu

Ability to switch quickly between functions at any time — without having to go back to the start of the process

## Code Scan and Code Clear

Lightning-fast code scans, with a complete overview of the vehicle and its history for fast fault diagnosis and workflow organization; “Clear All Codes” lets you quickly finish the repair

## Pre and Post Scan Capability

Faster approvals, histories, repairs and payments — thanks to reports (including specific ADAS calibration reports) that help you build customer confidence and quickly finish every job

# 360 DEGREES OF INTELLIGENCE YOU CAN TRUST.

## Hardware

- Sleek, sophisticated design developed specifically for the garage environment
- 9" capacitive color touchscreen display for improved readability from any angle- and superior visibility indoors or out
- Four-way thumb pad for quick navigation
- Fast bootup and one-touch code scan and clear, letting you move quickly from start to print
- 5 GHz wireless compatibility

## Software

- Access to Original Equipment Manufacturer (OEM) specific coverage for more than 100 vehicle systems related to nearly 40 manufacturers
- Instant vehicle identification for most 2008 and newer vehicles
- Advanced graphing features and OEM-level data
- Up to eight live data parameters displayed onscreen at a time
- Records all data, all the time for easy switching to view alternate parameter IDs (PIDs)
- One-click access to relevant vehicle- and code-specific technical service bulletins (TSBs)
- Comprehensive and detailed functional tests

## Experience-Based Software

- Patented Fast-Track® Intelligent Diagnostics workflow and filtered information for bringing focus to the specific vehicle and code you're working on
- Access to the 2019 Queen's Award-winning Sure-Track™, a patented resource for verified parts replacement records and Real Fixes harvested from millions of successful repairs
- Access to common procedures, specs and service interval resets
- Patented Smart Data, delivering relevant vehicle-and code-specific PIDs with known-good values

## Unmatched Customer Support

- Our Subscription programme allows you to maximise your earning potential, ensuring your tool maintains the same performance as it did on Day One, whilst saving up to 30% on the software costs. Regularly scheduled software upgrades - and the ability to self-download these - coupled with full access to the Intelligent Diagnostics features ensure that your diagnostic tool continuously provides you with our most advanced, up-to-date data & information. Also, as an Intelligent Diagnostics subscriber, you'll qualify for an exclusive 'Loyalty Discount' on our Snap-on Information System product too. Just ask your Snap-on Franchisee or Sales Rep for more information.
- Online training and support available 24/7 at **[diagnostics.snapon.com/trainingsolutions](https://diagnostics.snapon.com/trainingsolutions)**
- Join our Snap-on Diagnostics Experts live and receive a Professional Development Certificate from the Institute of Motor Industry after completing the course. Register for free online training at: **[diagnostics.snapon.co.uk/online-training](https://diagnostics.snapon.co.uk/online-training)**
- Finance options available— ask your Franchisee or other Snap-on sales representative for details
- The Snap-on Cloud at **[altusdrive.com](https://altusdrive.com)**: save, sort and share pre/post scan and ADAS calibration reports— and show your customers the value of the work you do

# ENOUGH WITH THE INFORMATION OVERKILL.

You don't want to be bogged down by too much information when it comes to making the right repair.

Only Fast-Track® Intelligent Diagnostics from Snap-on filters a universe of vehicle-specific data, constantly updated through a convenient cloud-based platform, to help you make quick, confident repairs—and get your customers back on the road. No other company can match our data, and no other company can make it this easy to use.

Simplify your diagnostics. Find the platform that's right for you at [diagnostics.snapon.co.uk/tool-matcher](https://diagnostics.snapon.co.uk/tool-matcher)

Fast-Track® Intelligent Diagnostics from Snap-on.  
Available on the APOLLO-Dg™, TRITON-Dg™ and ZEUS™

**Smarter. Faster. Fixed.**

# WITH INTELLIGENT DIAGNOSTICS COMES THE INDUSTRY'S MOST INTELLIGENT CUSTOMER CARE.

When you choose a Snap-on diagnostic tool, you get the smartest and most responsive customer support in the industry to go right along along with it.

Our experienced Customer Care Representatives are available at **diagukps@snapon.com** and during normal business hours on our Customer Care Hotline at **0845 606 6512**.
