

COMPLEX DIAGNOSTICS MADE EASY

SOLUS Ultra™

Snap-on®

THE NEW SOLUS ULTRA™ MAKES PROBLEMS THIS OBVIOUS.

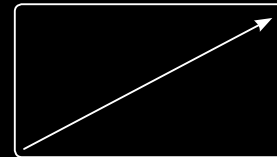

The next generation SOLUS Ultra combines simplicity of use with the ruggedness you expect from a Snap-on product. SOLUS Ultra brings together a full range of scan tool functions, without any baggage to slow you down. Ready to go with a boot up time of less than 10 seconds and no need for personality keys, it means you have more time to get on with your job.

Combined with OEM-specific and full EOBD coverage for all manufacturers you have productivity and simplicity working together in perfect harmony.

65%
LARGER SCREEN.

100%
NAVIGATION. TOUCH SCREEN OR THUMB PAD

The new 7" full-colour touchscreen not only gives you more space, it works with simple icon-based navigation so you can move smoothly from one vehicle to the next. You can also create customised data lists with a tap of your finger and record and play back results effortlessly. It even works with gloves on! A unique cause and effect function has also been added that lets you run bi-directional controls while viewing live data. The power to do it all is in your hands and it's so easy, you'll barely have to lift a finger.

7" display

Touchscreen interface

MORE
PORTABLE.

MORE
POWERFUL.

The screen size has increased, but the tool itself is smaller - And smarter - The new compact lithium-ion battery charges automatically through the data cable when connected to a vehicle. One simple, keyless universal connector now covers all EOBD applications and the operating system has been upgraded to be much faster.

SOLUS Ultra is proof that good things really do come in small packages.

FIND PROBLEMS
FASTER.

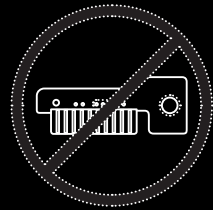

DELIVER SOLUTIONS
QUICKER.

With SOLUS Ultra, not only are you up and running in less than 10 seconds, you're instantly tapped into some of the best diagnostic coverage in the business. Get OEM-specific coverage for 27 makes and complete EOBD coverage, interactive functions from adaptations and relearns as well as functional tests with on-screen live data, all the data all the time, no need to refresh. Plus, Fast-Track® Troubleshooter gives you real help from experienced technicians with millions of experienced-based tips and time savers.

With SOLUS Ultra in your hands, you always have the answer.

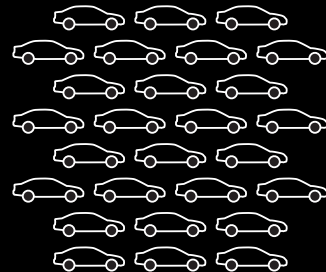

Charges from the vehicle

Keyless adapter

10-second boot up

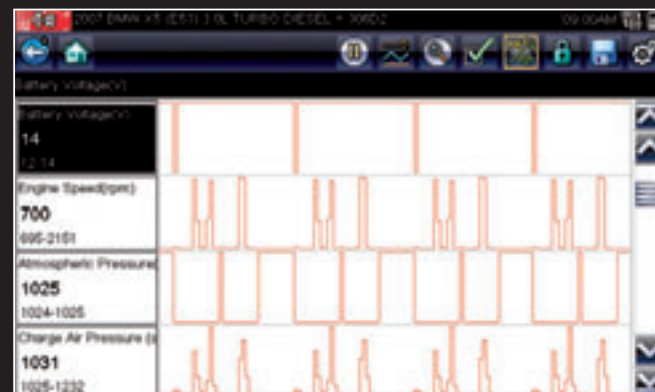

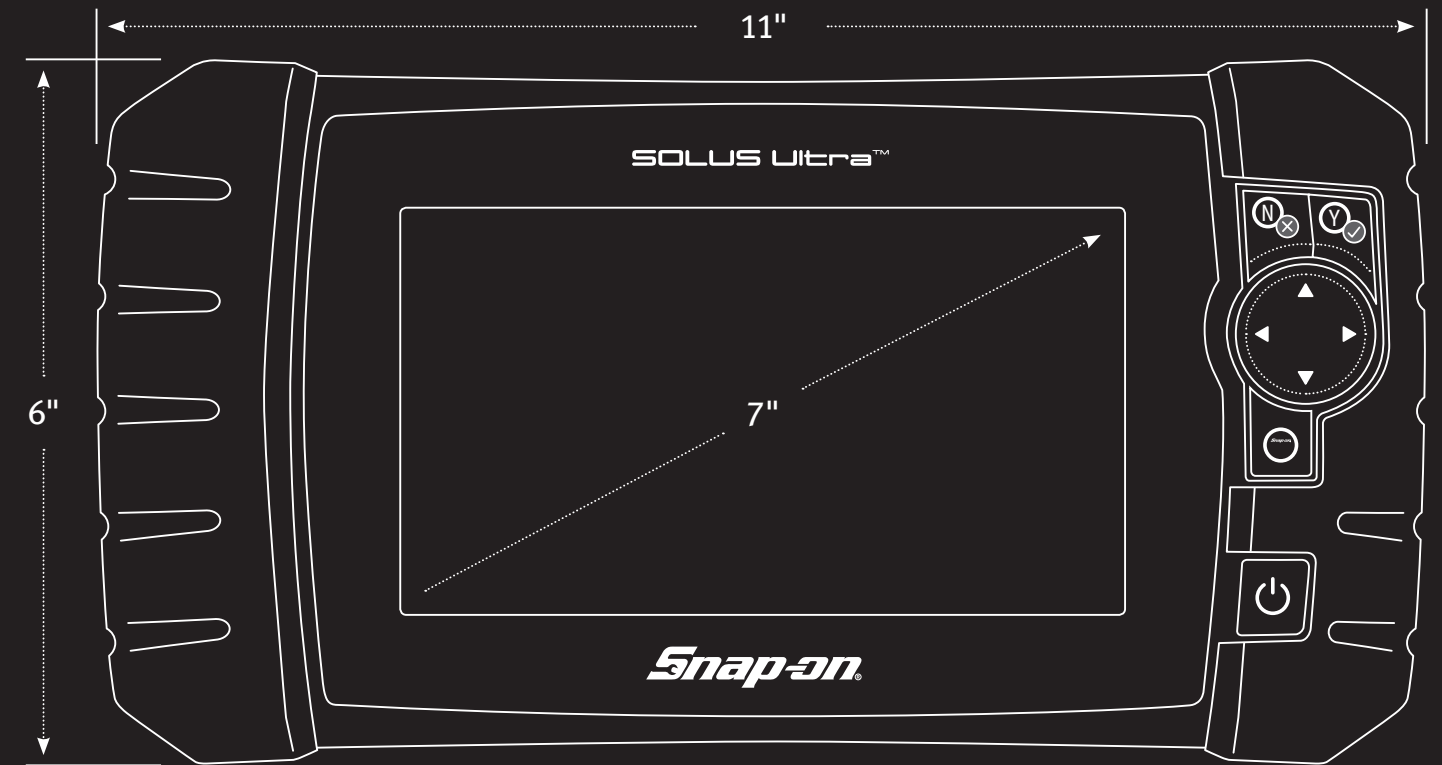

Coverage for over 27 makes
