

**“With ShopKey Shop Management, I have my finger on the pulse of each repair from beginning to end.”**

## **The #1 Shop Management Software You Can Trust**

Keeping track of all the moving pieces in your auto repair business is critical to your success. That’s why we designed ShopKey® Shop Management — to give you a 360° view of your entire shop. With that kind of visibility, you can manage your business operations, your customer relationships, and your repairs more efficiently.

With over 20 years of software development to enhance shop productivity, we continue to make further innovations to put you in control of every aspect of your business. ShopKey Shop Management leads with estimating and service advisor tools, complemented by a robust shop scheduler and crucial in-the-moment information displayed on every screen, all the way to the final invoice. With comprehensive reporting features, you can track shop performance and pinpoint areas that need improvement.

While ShopKey Shop Management is helping you run the business, it’s also connecting you with your customers from the moment they bring in their vehicle. As you launch a new estimate or repair order, you also gain access to vital customer and vehicle information that helps personalize your service, so your customers have an outstanding repair experience every time they visit. ShopKey Shop Management will also remind you of any additional service opportunities that may have been recorded on previous service visits.

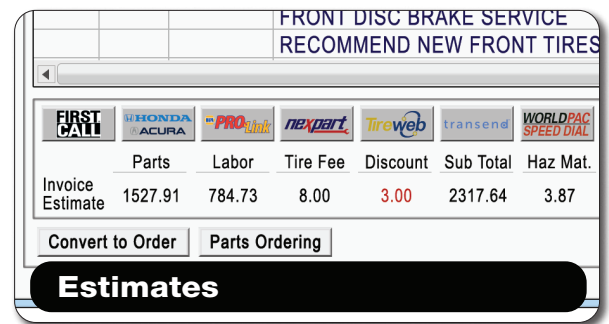

Put ShopKey Shop Management’s decades of innovation to work for you, with an integrated approach to shop management to help you consistently meet, and even exceed, your business goals.

***Run your business at maximum efficiency.***

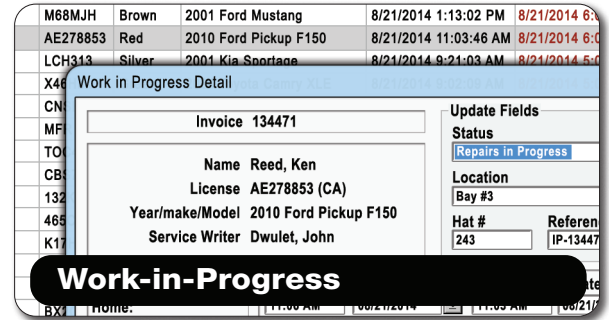

# Why Choose ShopKey?

ShopKey Shop Management sets the standard for solutions, providing a comprehensive suite of productivity tools to help you operate your business more efficiently and profitably:

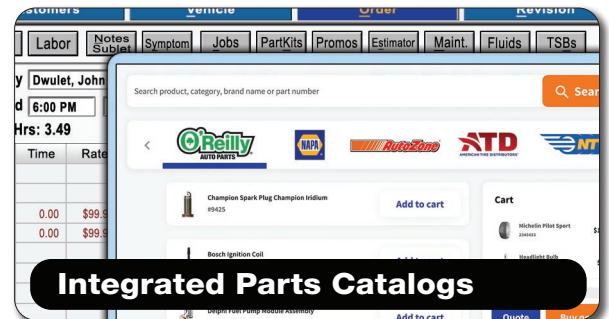

- ▶ **Fast and Accurate Estimates** are just a few clicks away with shop-friendly parts and labor estimating tools.
- ▶ **Interactive Work-in-Progress Screen** provides an overview of all current shop repair activity at a glance. Handle customer inquiries, monitor parts orders, and track status of vehicle inspections and repairs in progress.
- ▶ **Over 180 Integrated Reports** give you full visibility into all facets of your business to track positive sales trends, review customer/vehicle history and marketing results, while also identifying areas needing improvement.
- ▶ **Integrated Parts Catalogs** increase speed and simplify your parts ordering process. ShopKey Shop Management leads the industry with the widest selection of prime aftermarket parts vendors, including specialty parts and tires.
- ▶ **Multi-Vendor Catalogs** bring additional efficiencies to shopping with multiple vendors displayed at the same time. With **PartsTech** or **Nexpart Multi-Seller**, it's faster than ever to find and order parts from multiple vendors in one step.
- ▶ **Time Manager** provides technician Job Clock functions that automatically track actual hours, update labor items and deliver reports. Plus, it provides Shift Clock options that track employee timecards and produce reports. The Current Activity screen provides an overview; employees use their own mobile devices to clock their hours.
- ▶ **Drag & Drop Scheduler** makes it quick and easy to set and update customer appointments, and schedule or re-assign shop resources, including technicians, bays and specialty equipment for maximum efficiency.
- ▶ **Integration with ShopKey® Pro** puts our award-winning OEM repair information and expert-based Real Fixes from SureTrack® right at your fingertips to help you diagnose and repair cars more quickly.
- ▶ **Shop Reports** are accessible anywhere with your favorite internet browser via the ShopKey Pro home screen. Selected reports are available from Accounting, Management and Inventory categories.

## Optional Features & Services

Unlock the full potential of your shop management system with these add-ons:

- ▶ **ProSpect™** — Greet customers with a convenient digital vehicle check-in and inspection solution. Using an Apple or Android mobile device, identify the status of the vehicle as new or existing in your ShopKey Shop Management database. Launch a customized multi-point inspection and document findings with photos and notes in the estimate to share with the customer.
- ▶ **MessageCenter** — Getting customer approvals for additional repairs quickly has long been a challenge. MessageCenter adds seamlessly integrated, two-way texting so you never have to leave the dashboard. You can send a quick “on-the-fly” text message or a more detailed, personalized template message that includes shop, customer and vehicle specifics.
- ▶ **Truck Edition** — Upgrades ShopKey Shop Management software to include Class 4-8 (medium/heavy duty trucks) vehicle selection. Users retain all of the same efficiencies including VIN Decode and Plate-to-VIN features as they do with light duty vehicles (1 ton and under).
- ▶ **SocialCRM** — Grow your business by automating your marketing, reputation management, social media and customer communication efforts. Retain current customers and acquire new ones with state-of-the-art shop marketing tools, including targeted promotions, text and email campaigns, verified customer reviews, Internet search optimization and social media marketing services.
- ▶ **Online Appointments** — Teaming ShopKey Shop Management with SocialCRM allows your customers to schedule an appointment at your shop right from your LocalSearch website or email reminder. Appointment requests are delivered automatically to the shop management scheduler, so you can manage your shop calendar more efficiently and ensure your bays stay full.
- ▶ **LocalSearch** — Enhances online visibility of your business with premium features, including a professional business website, automated blog content and search optimization services to help boost your Google Business Profile and search results. The optional Google Ads service helps ensure your shop gets the best possible visibility when potential customers search for auto repair or maintenance services in your local area.

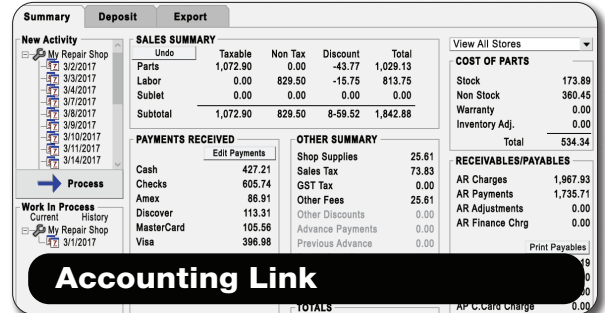

▶ **XCharge/1stMILE** — Secure integrated payment processing made easy saves time and effort, while increasing accuracy. Process credit card and debit card payments directly from ShopKey Shop Management. 1stMILE also handles chain store credit cards, gift cards as well as a financing option.

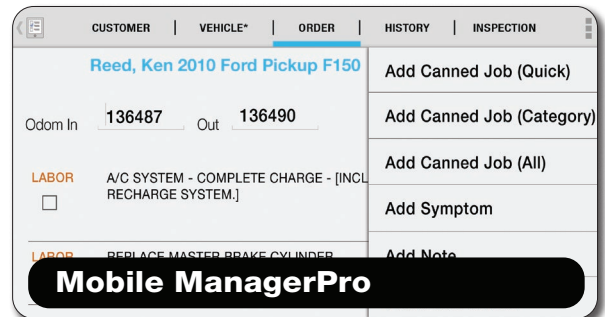

**Payment Processing**

▶ **Accounting Link** — Save time and ensure accuracy by automatically transferring your shop's daily accounting data from ShopKey Shop Management directly into the most popular accounting packages, including QuickBooks Online. Transmit important shop information with a single click, including posted invoices, deposits, payments and closed purchase orders. You even have the option to do your books from home — or anywhere you request Accounting Link to be installed.

**Accounting Link**

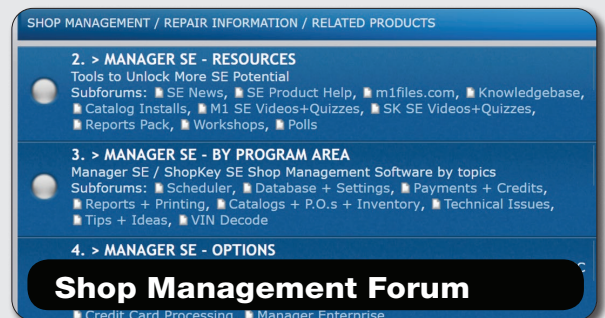

▶ **Mobile ManagerPro** — Unleash the power of your shop management system with fully-wireless functionality that lets you start multi-point inspections, estimates and repair orders on a tablet, right at the vehicle. You'll have access to all the features of ShopKey Shop Management, along with vehicle photos, team chat, customizable canned inspection checklists, and more. Also available is ProPack Report PRO, which provides tools to create customized invoices with social media icons, QR codes and your shop affiliations.
